### **ASA Photography Guidelines**

Southwark Aquatics does not permit any videoing or images to be taken during training.

This guidance applies to all photographs taken on film or digital camera (including mobile phones) and any form of moving pictures including video recordings (and video streaming).

Southwark Aquatics aims to avoid three potential sources of child abuse:

- a. The use, adaptation, or copying of images for child abuse, either on the Internet or in print.
- b. The possible identification of a child when an image is accompanied by significant personal information, which can lead to the child being 'groomed'.
- c. The identification and locating of children where there are safeguarding children concerns. Such cases would include, for example, children who could be compromised by an image because:
  - They are removed from their family for their own safety.
  - There are restrictions on their contact with one parent following a parental separation.
  - They are a witness in criminal proceedings.
