

Fees Q&As

When is the Swim England ASA fee payable?

The Swim England ASA fee is payable upon joining the club. The fee is an annual fee which runs Jan-Dec. If you are a new member between Jan-Sept you pay the full fee regardless of when you join, if you join between Oct-Dec the fee is reduced to 50%. If you join in May the fee does not cover 12 months from that month. You pay the same annual fee as someone who joined in January. We have no control over the Swim England ASA fees. SASC requests fees from December prior to renewal and gives you until the 3rd week of January to pay. If your child does not have a Swim England ASA membership, they cannot swim at our Club.

What is the Swim England ASA fee for?

The Swim England ASA fee is a Membership for individuals who are part of a competitive swimming club and who compete in competitions. For more info visit <https://www.swimming.org/swimengland/>

Please explain the SASC Annual Fee.

The fee is an annual fee to the club which goes towards the running of the club. It is non-refundable. Our fee runs from September to August. If you join between September and February, the full fee is due. From March - August the fee will be pro-rata.

Can I pay the monthly squad fee when I like in the month?

No. All fees for the month need to be paid in advance by 4th of the month. Please ensure you set up a regular monthly payment to reach us on time using the correct payment reference that we ask. We do not have the time or the resources to keep chasing people for fees.

What happens if I do not pay the fees?

Your child will be turned away from the session until fees are settled.

Do I have to pay in the School Holidays or if I cannot make sessions?

Yes, fees are payable monthly and are rolling. There is no break in the fee regardless of whether you attend or not. Unless for exceptional circumstances and you would need to contact either the Treasurer or Club Secretary.

Gala fees

Payment must be made on submitting the entry form. If no payment has been received by the deadline, the entries will not be submitted.

What do I do if we no longer wish to swim at the Club?

Please give one months' notice in writing (email) to the Treasurer. Sasctreasurer99@gmail.com

Why is it important that I use the payment code?

The programme we have implemented will not automatically reconcile your payment correctly if you do not use the code we ask you to use for specific items. Please help minimise our workload by reading emails fully and following the correct procedures.

Bank transfer References

References used in bank transfers should always follow this format:

First 6 letter of child's firstname + first letter of Surname + separator character + category of payment

Please do NOT put any spaces in the reference.

For example, swimmer "John Smith"
JohnS/ASA – for Swim England ASA fee
JohnS/ANNUAL – for annual membership
JohnS/SQUAD – for squad/training fee
JohnS/KIT – for any kit, eg, hats, shirts, tops etc

For gala fees, the category code will be given for each gala your child enters.

The separator character between the swimmers name and category can be any of:

/ forward slash
- hyphen
_ underscore

Eg, JohnS/ASA or JohnS_ASA or JohnS-ASA.

If you have a double-barrelled first name like "John-Paul Smith", then reference should be JohnS/ASA and NOT JohnP/ASA

If you have a double-barrelled surname like "Megan Ferguson-Smith", then reference should be MeganF/ASA and NOT MeganFS/ASA or MeganS/ASA

If you have any queries, please email: sasctreasure99@gmail.com
